Mr. Charles Byrd
Highway 80
Yuma, Arizona

Dear Mr. Byrd:

Mr. Ericsson talked to me this morning about his need to fill the job which you performed prior to your suspension from employment. Gary is much in need of this manpower, and he asked me to call your attorney. I talked to Mr. Campbell this morning, and he indicated that you did not know when the case would come to trial, and I think we have no alternative but to employ a person to fill your slot in Mr. Ericsson's program.

I have authorized Mr. Ericsson to do so. Once your case has been resolved, we would be most happy to sit down with you and discuss your future in terms of teaching in the M. D. T. A. program.

Cordially,

John B. Barnes
President
